

DON'T BUILD A STARTUP. BUILD A BUSINESS INVESTORS CAN FUND.

*Most founders don't fail because of bad ideas.
They fail because investors don't trust the business behind the idea.*

FOUNDERS LAB

Investor Readiness for Pre-Seed & Early-Stage Ventures.

Before You Ask for Funding...

Ask yourself:

- ✓ Can your Financial Model survive investor due diligence?
- ✓ Does your valuation make commercial sense?
- ✓ Is your Pitch Deck telling the right story?
- ✓ Can investors see HOW you'll scale?

Is your business investment-ready...

...or presentation-ready?

Investors don't fund spreadsheets. They fund businesses they trust.

Founders Lab was built to close that gap.

Founders Lab is MH Strategic Transformation Advisory's dedicated venture builder hub — designed for founders who need to transform an idea into an investor-ready business.

INVESTORS PERFORM DUE DILIGENCE LONG BEFORE THEY WIRE MONEY.

Fundraising Doesn't Begin With a Pitch Deck

Most founders believe it does. In reality, investors evaluate the entire business ecosystem:

1

Business Viability

2

Financial Logic

3

Revenue Assumptions

4

Governance Readiness

5

Scalability

6

Execution Capability

Investors don't fund spreadsheets. They fund businesses they trust.
